

## **JPAG symposium programme**

### **Thursday 11th October 2018**

Breaking down the barriers to widespread delivery of ATMPs

*Royal Society of Chemistry, London*

The aim of this meeting is to inform the audience about the ATMP journey from concept to commercialisation - looking at regulatory hot topics for both GMP and GCP, challenges to hospital implementation, the role of Pharmacy, the role of the ATTC, ways to address the QP expertise deficit and give a forum for networking and discussion.

This programme will appeal to Chief Pharmacists, Clinical Trials Pharmacy Managers, Hospital Research and Development, sponsors, QPs, and members of the ATMP Manufacturing Community.

This meeting is organised in association with the RPS.

#### Speakers:

Dr Jacqueline Barry - Catapult

Dr Anne Black - NHS

Dr David Caulfield - NHS

Prof Mark Lowdell - UCL

Dr Anthea Mould - NIHR

Dr Ian Rees - MHRA

Dr Nicola Stoner - NHS

Dr Paula Walker - MHRA

Dr Neil Watson - Newcastle upon Tyne Hospitals NHS Foundation Trust

### **Tuesday 20th November 2018**

The pharmaceutical analysis postgraduate research awards and careers symposium 2018

*Royal Society of Chemistry, London*

Based on the great success of the inaugural meeting, JPAG presents the second pharmaceutical analysis symposium for postgraduate students and early career stage scientists. This will provide the opportunity for delegates to showcase their work and network with peers, academics and industrial scientists through oral and poster presentations. There will be a £1,000 first prize and £250 second prize for the best oral presentations as well as £200 first prize and two runner-up prizes of £100 for the best posters. Authors who submit an abstract that is accepted for presentation (oral or poster) will receive a complimentary registration.

In addition, there will be a Networking and Careers Fair with the opportunity to meet with big industry pharma and other key contacts and take advantage of the great networking opportunities.

This could be the event to provide a step-change to your professional career. Perhaps your future employer will be here.

There will be a presentation from the Royal Society of Chemistry's Careers Specialists Julie Franklin and Sarah Salter on 'Job hunting in the pharmaceutical industry'. They will also conduct a 'CV Surgery' for RSC members; these are one-to-one discussions for members to find out how to present a good CV. So be sure to bring your CV along!

This event is organised in association with the RPS. Registration will open at 8:30am for a 9am start, and the day will end with a Careers and Networking wine reception starting at 6pm.
