The JPAG pharmaceutical analysis careers fair 2021

Tuesday 16th November 2021

JPAG presents the pharmaceutical analysis symposium for postgraduate students and early career stage scientists, including those in industry.

We will be holding a Networking and Careers Fair with the opportunity to meet on-line with big industry pharma and other key contacts and take advantage of the great networking opportunities. This could be the event to provide a step-change to your professional career. Your future employer could be here.

This event will be held on-line on the day before a symposium for our major awards, so please also take a look at that also.

Details for both the careers fair and the awards event will appear here soon.

Interested in this meeting?
Please visit the JPAG website for full details at www.jpag.org

Sponsors of the Joint Pharmaceutical Analysis Group
Programme

12:30 Introduction and logistics

12:40 **Society Presentations**
- 12:40 RSC: Job seeking in the Pharmaceutical Industry
  - Sarah Salter RCDP, Career and Professional Development Adviser, RSC
- 13:00 RSC: Introduction to Chartered membership with the Royal Society of Chemistry
  - Dr Jonelle Harvey CChem MRSC, Professional Standards Specialist, RSC
- 13:10 RPS: What RPS Membership can do for you
  - Professor Gino Martini FRPharmS FRSC MBA, Former RPS Chief Scientist

13:20 **Company Presentations**
- 13:20 GSK - Adam Jones
- 13:30 MHRA - Mary Malamatari
- 13:40 BMS - Clare Rawlinson-Malone
- 13:50 Pharmaron - Zarrin Ansari

14:00 Break

14:10 **Company Presentations**
- 14:10 AstraZeneca - Andy Hard
- 14:20 Intertek - Karen Dunlop
- 14:30 Eurofins - Anthony Halsall

14:40 **Summary and Logistics for the Careers Discussions, & Closing Remarks**

14:50 Break

15:10 **Careers Advisor pre-booked 10 minute sessions**

16:00 Break

16:10 **Careers Advisor pre-booked 10 minute sessions**

17:00 End of the Careers Fair
**Delegate information**

**Registration**
For this event, registration is free. However, it is necessary to register in order to attend and delegates should select the 'Other' option.

*Podium and Poster presenters:*
For those selected to make presentations, there is free registration and in addition assistance with travel expenses (up to £75) is available. An e-mail with an access code to be used in registering as a Student Presenter / Abstract Author is sent to authors who have submitted abstracts that have been accepted for presentation.

You can register on-line at [www.jpag.org](http://www.jpag.org). Please SIGN IN to the site on your first visit before registering for an event; this will ensure that all delegate material is fully available to you personally.

**Cancellation policy**
Meeting registrations once made and accepted by JPAG are liable for payment and are not refundable. However, notified substitutions are permitted at any time prior to the meeting (see below).

JPAG reserves the right to cancel a meeting due to circumstances beyond its control. In this case, JPAG will notify attendees by a message to their registered e-mail address at the earliest reasonable opportunity. It is the responsibility of registered delegates to monitor their e-mail and ensure their registered e-mail address is correct. In the event of cancellation, a full refund of payments will be provided. However JPAG will not be liable, to the extent permitted by law, for any consequential loss or damage arising from the meeting cancellation.

**Substitutions**
Substitute attendees from the same organisation are accepted at any time with no administration charge. Please notify JPAG in writing via e-mail to events@jpag.org with details of substitute attendees. Substitute attendees must possess an account or register a new account on the JPAG website in order for their registration to be processed.

No refund is payable in relation to any substitution. The full meeting rate will be applied if the substitute attendee is not eligible for a discount and any additional payment is required before a registration can be accepted.

**Alterations to the programme**
JPAG reserves the right to alter the meeting programme, speakers, date or venue in the event of circumstances beyond its control. For the complete Terms and Conditions, please see the JPAG website.

**Other information**
Information on the programme, submission of abstracts for Poster presentation, location of the venue and local hotels, and JPAG membership is available on the JPAG website at: [www.jpag.org](http://www.jpag.org). Other enquiries should be sent to events@jpag.org

The contact details you provide on SIGN IN may be used to inform you about future JPAG, RPS and RSC events, products and services by post, phone or e-mail. However, you can elect not to receive information at any time by updating your profile on the website.
The JPAG Pharmaceutical Analysis
Careers Fair & Research Awards Symposia
VIRTUAL EVENTS

Careers Fair: Tuesday 16th November 2021

Give your career a big lift up to the next level
Ready to meet your future employer?

➢ Are you a Pharmaceutical Research Postgraduate?
➢ Are you an Undergraduate interested in developing a career in Pharmaceutical Research?
➢ Would you like to meet employers and key industry players and chat about possible opportunities?

Companies providing careers advice at this event:

Join us at this major careers fair
Register your place now on this key event and get ready to advance your career

www.jpag.org/careersfair

Research Awards Symposium: Wednesday 17th November 2021

Come and hear some of the latest research in Pharmaceutical Analysis

➢ Visionary Keynote presentation from Prof David Cowan OBE FKC FRPharmS FRSB, King's College London
➢ Presentation from six early career scientists who are looking to win our prestigious Geoffrey Phillips Award
➢ Posters submitted for online viewing from a group who are out to win our JPAG Pharmaceutical Analysis Awards

For full details and to register, visit:

Advancing the Quality of Medicines through Pharmaceutical Analysis
Wednesday 17th November 2021
The JPAG pharmaceutical analysis research awards 2021
VIRTUAL EVENT: 1pm-4:45pm (UK GMT)

JPAG presents the pharmaceutical analysis symposium for postgraduate students and early career stage scientists, including those in industry. This will provide the opportunity for delegates to showcase their work and network with peers, academics and industrial scientists through oral and poster presentations. There will be a £1,000 first prize and £250 second prize for the best oral presentations as well as £200 first prize and two runner-up prizes of £100 for the best posters. **Registration is free for all students, early career stage scientists and their supervisors/managers**, but we highly encourage students and early career stage scientists delegates to submit an abstract for poster or oral presentation to this exciting annual JPAG event.

The deadline for submission of abstracts has now passed

**Keynote speaker: Prof David Cowan OBE FKC FRPharmS FRSB, King's College London**

Title: A 30 minute snapshot of highlights in the career of a Pharmaceutical Analyst

In addition, held on-line one day before this awards Symposium, there will be a Careers Fair with the opportunity to meet on-line with big industry pharma and other key contacts and take advantage of the great networking opportunities. This could be the event to provide a step-change to your professional career. Your future employer could be here.

Further details on both the awards symposium and the careers fair will appear here soon.

Speakers:
Prof David Cowan - King's College London

Thursday 9th December 2021
Regulatory Hot Topics VI
VIRTUAL EVENT: 1pm-4:30pm (UK GMT)
This symposium will address issues and challenges associated with the implementation of new and emerging guidelines. It will provide an excellent opportunity for dialogue, discussion and debate with speakers - several of whom have been very actively involved in shaping the guidance - and the peer group in an open forum.

Delegates will be able to understand, interpret and translate into day-to-day practice the guidance on various key emerging topics.

An excellent opportunity to learn from expert speakers involved in the development of the guidances on these key topics.

Register now at [www.jpag.org/cp150](http://www.jpag.org/cp150)

**Thursday 3rd February 2022**
*Automation of sample preparation*
*Royal Society of Chemistry, London*

In recent years, most of the innovation seen in the pharmaceutical analysis arena has been on the instrumentation used for measurement and the analysis and interpretation of the data generated. At the same time the molecules coming out of discovery chemistry (often with poor solubility and / or bioavailability), are requiring formulators to develop sample matrices that are becoming increasingly complicated - including but not limited to amorphous solid dispersions, holt-melt extrudates and extended-release formulations. Extraction from these types of samples can be extremely challenging in terms of efficiency, reproducibility, cost, and transferability.

This JPAG symposium will discuss some of the challenges in the topic of sample preparation and provide examples of potential solutions in the form of innovative instrumentation, automation, and the application of existing methodology to inform and educate the audience about advances in sample preparation.

Register now at [www.jpag.org/cp146](http://www.jpag.org/cp146)

**Thursday 24th March 2022**
*Challenges in the Development of Drug Delivery Devices*
*Royal Society of Chemistry, London*

Drug-Device combination products such as inhalers, nasal sprays and autoinjectors present a range of unique challenges for their successful development and analysis. Effective performance testing is critical for understanding the quality of these products, with critical quality attributes often limited by device performance as much as traditional chemical stability trends.

In this event our expert speakers will discuss the current trends in the analysis of these complex products. Topics will include test automation, current inhaled in-vitro bioequivalence techniques, and the latest regulatory perspectives from the MHRA.

Register now at [www.jpag.org/cp153](http://www.jpag.org/cp153)

**Thursday 30th June 2022**
*Stability VI*
*Royal Society of Chemistry, London*

Continuing our successful series of stability meetings, this event is essential for anyone concerned with the management and assessment of drug stability. We have a group of expert speakers from academia, the regulator and industry who will provide background information, case studies and innovative approaches to stability testing. Posters are invited from industry and academia on any stability topics to facilitate additional interaction between attendees and speakers. The afternoon session will be split into smaller workshops on "hot" stability topics to allow
active dialogue between delegates which will be summarised and closed out by a panel discussion.

Register now at [www.jpag.org/cp155](http://www.jpag.org/cp155)
