

## JPAG symposium programme

### Thursday 19th March 2020

Data integrity II

Royal Society of Chemistry, London

Data integrity still continues to be a very hot topic for Industry and regulators alike. Data integrity still appears in the list of top five audit findings. This is a must attend meeting for anyone involved in addressing issues and challenges associated with data integrity.

### Thursday 7th May 2020

ICH Q3E (Extractables and Leachables): setting the scene

Royal Society of Chemistry, London

ICH Q3E (Extractables and Leachables) has been adopted by the ICH governing body as ICH Q3E and will now progress through the various ICH stages that will culminate as an international harmonised guideline. This meeting will be an important event in understanding and trying to influence the outcome of the ICH Q3E proceedings.

Register now at [www.jpag.org/cp117](http://www.jpag.org/cp117)
